

FAMGUARD
CORPORATION LIMITED

Vaughn Delaney
Chief Information Officer

NEW APPOINTMENT

Mr. Lyrone Burrows, President, FamGuard Corporation Ltd, is pleased to announce the appointment of **Mr. Vaughn Delaney** to the position of **Chief Information Officer (CIO), Information Services Division.**

Mr. Delaney's key responsibility will be leading the service delivery network in planning and implementing enterprise information systems; to support both distributed and centralized business operations, while achieving effective and cost beneficial enterprise-wide IT operations. With overall responsibility for the Information Services Division, Vaughn will provide direction and leadership in delivering all information services strategic plans, projects, policies and programs.

Vaughn brings over twenty-five years of managerial experience with the last eleven years at the executive level. He has led and managed large technology projects both as a Management Consultant with a major accounting firm and at a large local bank. He holds an MBA in Finance and Marketing from the University of Western Ontario, Canada, and a Bachelors in Computer Science from Concordia University in Montreal, Canada.

The Company welcomes Mr. Delaney in his new role at FamGuard Corporation Limited.
